

## Lane Closures on EB I-290 (Eisenhower Expressway) for Work on Morgan Street Bridge and Halsted Street Bridge

The Illinois Department of Transportation (IDOT) announced that weather permitting, a weekend closure on eastbound I-290 (Eisenhower Expressway) for work on the Morgan Street Bridge, will begin at 10 p.m. Friday, June 27, 2014.

In order to complete the work, the closure will be installed for the left lane on eastbound I-290 between Racine Street to Halsted Street to provide for installation of caissons for new pier construction of the Morgan Street Bridge. Temporary soil retention along the CTA at Halsted Street will also be installed. Nighttime closure of the left lane will occur to mobilize and stage equipment at Morgan Street.

The lane closure for this work will begin at 10 p.m. Friday, June 27 and end at 5 a.m. Monday, June 30. This work will be continuous and occur during daytime and nighttime hours. This work is part of the ongoing Circle Interchange Improvement Project.

Motorists can expect delays during times when the lane closures are in effect and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signing in the work zones, obey the posted speed limits, and be on the alert for workers and equipment.
